April 10, 2019

Dear Parent/Guardian:

The district's School Health Services program supports your student's academic success by promoting health in the school setting. One way that we provide care for your student is by performing the health screenings as mandated by the State of New York.

During the remainder of the school year, the following screening will be completed at school:

Scoliosis (spinal curvature) screening for boys in Grade 9

A letter will be sent home if there are any findings on the screening that cause concern or need medical follow-up. Please call the Health office if you have any questions or concerns.

Sincerely,

Amy Johnson, RN  
School Nurse
